

Krithan A N

+91-6361708570 — krithan45@gmail.com — [LinkedIn](#) — [GitHub Portfolio](#)

Professional Summary

Motivated MCA graduate with strong foundations in Python programming, SQL, software development, and problem-solving. Experienced in developing applications using Python and working with data processing, machine learning, and web technologies. Proficient in writing clean, maintainable code, debugging applications, and collaborating on technical projects. Eager to contribute to software engineering teams while continuously learning and enhancing development skills.

Education

CMR Institute of Technology, Bengaluru	2025
Master of Computer Applications (MCA)	CGPA: 8.77/10.0
Krupanidhi Degree College, Bengaluru	2023
Bachelor of Computer Applications (BCA)	CGPA: 8.51/10.0

Technical Skills

Programming Languages: Python, SQL, Java, JavaScript, C
Python Technologies: Pandas, Numpy, TensorFlow, Keras, OpenCV
Databases: MySQL, MongoDB
Frontend: React, HTML5, CSS3
Software Development Tools: Git, GitHub, Streamlit
Data Visualization: Power BI, Tableau, Excel
Embedded/IoT: Arduino, Sensors, Microcontrollers

Projects

LipNet – End-to-End Lip Reading System **GitHub Repo**
Python, TensorFlow, Keras, OpenCV, Streamlit

- Developed a Python-based deep learning application for converting lip movements into text.
- Built modular data preprocessing pipelines using Python, OpenCV, and TensorFlow.
- Debugged and optimized data processing and prediction pipelines.
- Managed project code using Git
- Optimized Python scripts for video preprocessing in the LipNet system, reducing data loading times by 15

Sales Analysis Report **GitHub Repo**
Power BI, DAX, Excel, Data Modeling

- Developed an interactive Power BI dashboard to analyze sales performance, revenue trends, and product-wise profitability.
- Created data models and relationships to enable efficient reporting.
- Designed KPIs and DAX measures for sales, profit, and growth analysis.
- Built interactive visualizations including trend analysis, regional performance, and category insights.
- Enabled data-driven decision-making through real-time business insight

Certifications

- AWS Machine Learning Engineer Associate – Amazon Web Services Curriculum
- MERN Stack Development – Udemy
- Tableau for Data Analytics – Analytics Vidhya
- MySQL Basics – Great Learning
- Analyzing Data with Power BI – Analytics Vidhya
- Excel from Beginner to Expert – Analytics Vidhya
- Generative AI with AWS – Analytics Vidhya

Relevant CourseWork

Python Programming, Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems, Software Engineering, Operating Systems, Machine Learning, Data Analytics

Leadership & Achievements

- Versatile Student Award – Krupanidhi Degree College
- Active Member – Techno Tuners Technical Club
- Industrial Visit – ISRO, Mysuru
